

Statement on error and clarification
Friday, April 5, 2019

We made a mistake. We placed an advertisement in this month's edition of two publications - Life on Capitol Hill and the Washington Park Profile - which incorrectly identified the organization Together Colorado as the sponsor of those ads. Our campaign committee, Together Denver, paid for the ads. Together Denver and Together Colorado are not affiliated. We are working with Colorado Community Media to correct the online editions of these publications and considering what other steps we can take to clarify our mistake. We sincerely apologize to Together Colorado for the inadvertent error.
